

## Parish Councillor: Ros Cory

Co-opted April 2019

Committee member: Facilities and Services Committee  
Planning Advisory Group

I was co-opted onto the Parish Council in April 2019. My husband and I have lived in Hawkhurst since 2013. I love the village and the beautiful surrounding countryside. I have a passion for the local environment, and enjoy walking the local footpaths.

I retired from the NHS in 2016 where I held a number of posts in administration and buildings management. The NHS seemed always to be undergoing change, and I gained personnel and change management skills. I managed the delivery of Community Care services and facilities and dealt with the problems of staff working in old and outdated facilities. I hope these skills will be useful in helping the Parish Council deal with the many challenges it currently faces.

Since my retirement I have been able to enjoy my hobbies. I enjoy being out in the fresh air, walking, gardening and horse

riding. I also love visiting the Kino and feel that we are so fortunate to have such a great local cinema.

We are really lucky to have our two adult daughters living not too far away and we regularly see our two granddaughters who love coming to stay with us and enjoy playing in Heartenoak playground.

I walk into the village most days and I am always happy to meet local residents and have a chat. I feel privileged to be working on your behalf to maintain Hawkhurst as a thriving village community.
