

**Hawkhurst Parish Councillor:
Laurence Faulkner**

Elected May 2021

**Member: Strategy, Administration and Projects
Committee and Planning Committee**

Born in Kent and having lived in the Kent villages of Hartlip, Lower Halstow and Kings Hill (when it was a village), my wife Sandra and I chose to move to this wonderful village two years ago to continue to enjoy the benefits of a more rural community.

We were attracted by the beautiful walks across the local countryside and the excellent facilities and shops of a village this size which we are pleased to support.

My initial career for thirty years was in the financial sector in both the City in London but also in Boston USA. Retirement from this sector with a career change followed and I joined KCC's limited company, Commercial Services, to set up and run a number of operating divisions that included the recruitment agency, fleet services and a care business prior to retirement in 2014.

My interests are walking, gardening and sports – naturally watching now rather than participating as in my earlier years.

I look forward to working with the local community to support our village and to deliver continued sustainable improvements whilst protecting the area from overdevelopment.
