

Active cyber insurance built for business

Active Insurance provides Coalition policyholders with technology and expert support before, during, and after an incident. Our broad cyber appetite for both primary and excess allows us to help a wide range of UK businesses protect themselves from cyber risk.

Cyber insurance with added value

Comprehensive cyber coverage for digital risks

Detailed, personalised cyber risk assessments

In-house claims and access to Coalition Incident Response (CIR) via panel selection

Policyholder access to Coalition Control™, our cybersecurity platform.

In-house cybersecurity expertise available to all policyholders

Cyber threat updates and advice from Security Labs, our R&D team

Active cyber support

Our online service helps brokers get cyber quotes more quickly

We provide advice for resolving security vulnerabilities that may impact your cover

We will try to recover funds stolen due to Funds Transfer Fraud

24/7 in-house expert cyber claims team reduces friction

The Coalition Advantage

£0 retention for calling breach response and working with CIR

Active threat alerts and security advice help prevent claims

More cover for cybercrime - £62.5k on a £250k limit - £250k on a £1m limit

Standard coverage includes bricking, FTF and cryptojacking
